

# The cat who thought he was a Stormtrooper

By Tahrir de Vries (4B)

I have a cat called T-paws  
whose favourite movie is Star Wars.  
He sleeps under a green Mini Cooper  
and dreams of being a Stormtrooper.

He looks dangerous in black and white  
as he raids in the night.  
He's proud of his laser pistols  
as he steals the Kyber Crystals.

Darth Sidious gives him his next brief.  
He takes it seriously from his chief.  
A loud noise wakes him with a fright,  
only to discover it was the neighbour's dog Dwight.

Now he sits under the green Mini Cooper  
and he's no longer a Stormtrooper.  
He's my sweet little cat.  
Not a naughty brat!
